Benefits

1. High performance at low cost
2. Monoblock design with impressive weight/load ratio
3. Ideal for closed loops, distribution, production areas and export
4. Strong performance with roller conveyors and in high racks
5. The closed deck version offers superior protection of the merchandise and prevents contamination of the load
6. Rounded corners to reduce potential fork access damage
7. Reusable pallet made of recycled plastic and 100% recyclable

Options

1. Safety rim
2. Anti slip strips and grommets on and under deck
3. RFID transponders and other IoT options
4. Specific colors on request
5. Individual marking and labelling
6. ESD: anti-static
