Benefits

- Versatile plastic pallet in EUR footprint with metal reinforcements designed to maximize performance at low cost
- Monoblock design with impressive weight/load ratio
- Excellent impact resistance thanks to wavy design
- Ideal for both closed loops and export applications, with corresponding material choice
- Strong performance with roller conveyors and in high racks
- Rounded corners to reduce potential fork damages
- Protected RFID label through special RFID pocket
- Compatible with Eco E5 and Eco E7
- Reusable pallet made of recycled plastic and 100% recyclable

Options

- Safety rims (7 mm internal rim or 22 mm external rim)
- Grommets on and under deck
- RFID transponders and other IoT options
- Specific colors on request
- Individual marking and labeling
- Also available without metal reinforcement

Technical data are guideline values based on experience and tests according to ISO 8611 with evenly distributed loads at 20°C. The data may vary based on intended use, product features, raw materials used and environmental influences. Upon request our sales team will confirm the data required for your individual application.
