## Benefits

- Perfect to replace wooden pallets with an improved plastic solution thanks to the similarity to EUR-pallet dimensions
- Material handling identical to a EUR-pallet
- Robust design ensures long service life and a significantly lower damage rate per trip
- Designed with completely closed bottom runners for a high durability
- Racking load is equivalent to a EUR-pallet
- Optimal material and pallet handling due to anti-slip options
- Excellent dimensional accuracy for automatic warehouse systems
- The black pallet design is detectable by sensor systems

## Options

- Safety rims (9 mm option)
- Anti-slip strips on deck and under blocks and grommets under deck
- RFID transponders and other IoT options
- Specific colours on request
- Individual marking and labeling
